Waterproof Jackets

The Wilderness Shop has the best range of rainwear from brands including Lowe Alpine, Mont and Outdoor Research. These range from the lightest, most compact jackets, suitable for a walk in the park, to stylish, comfortable travel jackets, to durable bushwalking jackets, to technical skiing and mountaineering jackets. For style, comfort, protection from the elements, and possibly your survival.

Hydronaute™ fabric technology

Hydronaute™ represents a new age in waterproof breathable fabrics. Hydronaute™ technology fabrics are available in a number of alternatives:

- Hydronaute™, the standard in waterproof breathable fabric,
- Hydronaute Ultra 2.5™, the ultimate in lightweight performance,
- Hydronaute PRO™, the most durable waterproof technology for all conditions
- Hydronaute XT™, specially designed for Mont down clothing and sleeping bags to make the best insulation even better.

The use of these fabrics takes all Mont products to a superior level of performance by incorporating the latest advances in molecular science. Highly breathable, moisture control technology which works harder as the level of moisture vapour increases; enhancing your comfort.

The Softshell Revolution

Softshell

Softshell clothing is designed to replace traditional fleece and shell systems for most outdoor clothing applications, reducing the weight and number of layers needed to insulate and protect. They are intended to extend your comfort in all but the most severe conditions.
